

FIRE FUEL REDUCTION CONTRACTOR LIST

Compiled by Seigler Springs Community Redevelopment Association

DISCLAIMER: This list and its various categories are provided as a courtesy to the community from SSCRA, and no endorsement nor guarantee of accuracy is given or implied. Property owners are responsible for confirming the services offered by the contractor as suited to the job at hand. While all duly licensed contractors carry liability insurance as part of their licensure qualifications with the State, certain types of brush removal contractors are legally permitted to operate without a license. Responsibility for all liability rests between the property owner and the contractor.

CONTRACTOR LIST SOURCES: Residents of the Cobb area, Hidden Valley Homeowners Association, Clear Lake Riviera Homeowners Association, the *2021 Lake and Mendocino Contractors List* of the Mendocino Publishing Group (which includes the Lake County Record-Bee).

To check a license or find a licensed contractor in the State, check the California State License Board online at <https://www.cslb.ca.gov/>
